Lifelong learning IBE-BIV "Back to school" programme

Leloup Frédéric IBE-BIV WG A – Lighting Sciences

IBE-BIV Seminar 21 October 2021

Lifelong learning - Introduction

- Lifelong learning (LLL)
 - Adult / Elderly education, skills for work,...
 - "...learning is lifelong and life-wide, from birth to death (<u>anytime</u>) and exists in and out of the education system (<u>anywhere</u>). Learning is undertaken by people of all ages (<u>anyone</u>), takes place through a range of modalities, including face to face, at distance and, increasingly, online, and concerns all domains of knowledge (<u>anything</u>)"

UNESCO Institute for Lifelong Learning (UIL)

Lifelong learning - Introduction

- Need
 - Substantial transformation in the labour market due to the 4th industrial revolution
 - Disruptions caused by effects of climate change, demographic shifts, etc.
- Most recently Covid-19
 - Disruption in education systems (and people's lives)
 - → widespread use of digital learning practices in education and training across the EU

Opportunity:

Rethink how learning may contribute to create a sustainable society European Commission - Digital Education Action Plan 2021-2027

Lifelong learning - Introduction

- Key action points
 - ...
 - Place digital technology at the service of LLL
 - Encourage and support LLL initiatives
 - •

"Embracing a culture of lifelong learning — Contribution to the Futures of UNESCO Institute for Lifelong Learning (UIL)

Lifelong learning @ IBE-BIV

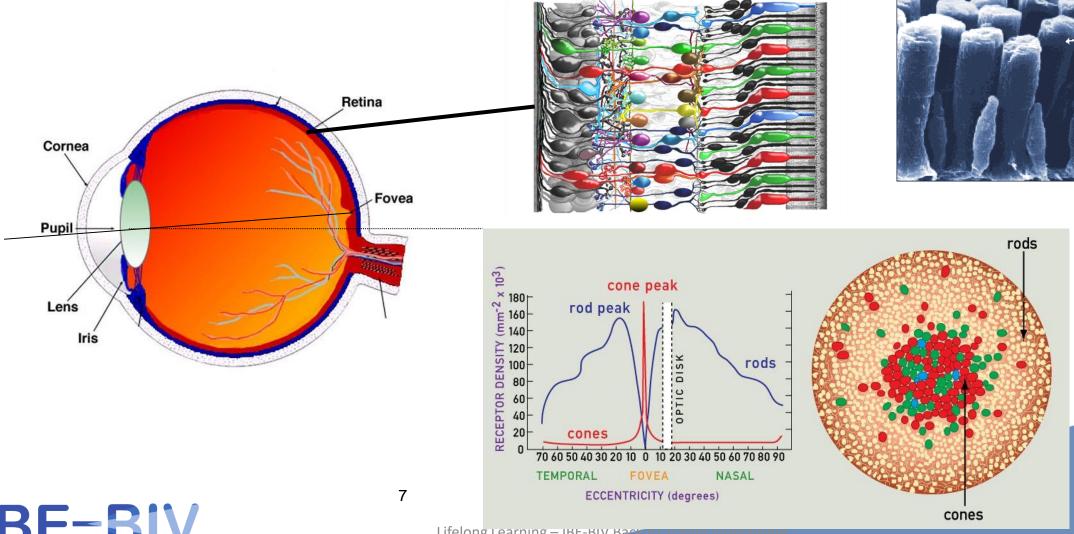

- 2020-2021: "series of 6 webinars
 - Zhaga Les normes et la normalization de la communication sans fil en éclairage extérieur / Normen en normalisatie van draadloze communicatie in buitenverlichting
 - l'Eclairage Sportif intérieur et extérieur : vers des solutions LED / Sportverlichting Indoor & Outdoor: renoveren naar LED oplossingen - NBN EN12193
 - Inspections de luminaires / Keuring van Armaturen ENEC en ENEC+
 - L'Eclairage des Tunnels et Passages Routiers Souterrains / Regels van goed vakmanschap voor verlichting van wegtunnels en ondergrondse doorgangen -NBN L 18-003
 - Life Cycle Assessment
 - Lichtfestivals / Festivals de la Lumière

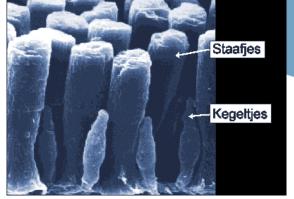

Lifelong learning @ IBE-BIV

- 2021-2022: "back to school" programme
 - Series of short lectures around specific topics
 - Human (colour) vision
 - Non-visual effects of lighting / Light & Health
 - Glare assessment
 - Smart lighting
 - ...

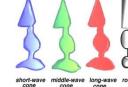

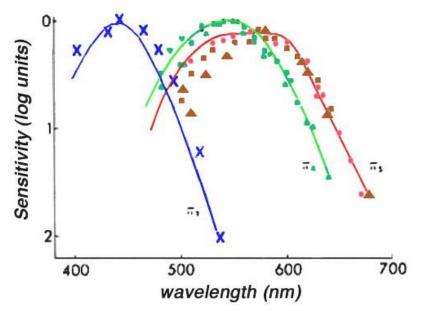

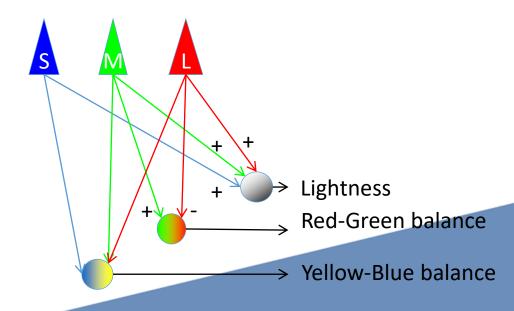

Fig. 13. There are four photoreceptor types in the human retina Short-wavelength cones (blue), medium wavelength cones

Lifelong Learning - IBE-BIV Back

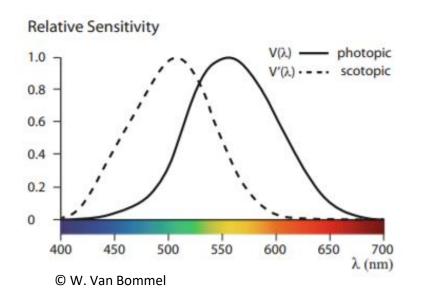

- Perception
 - 5 types of photorecepetors
 - Rods
 - 3 types of cones: L-, M-, S-cones
 - Intrinsic photosensitive Retinal Gnglion Cells (ipRGC)

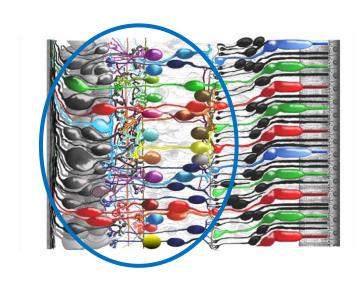

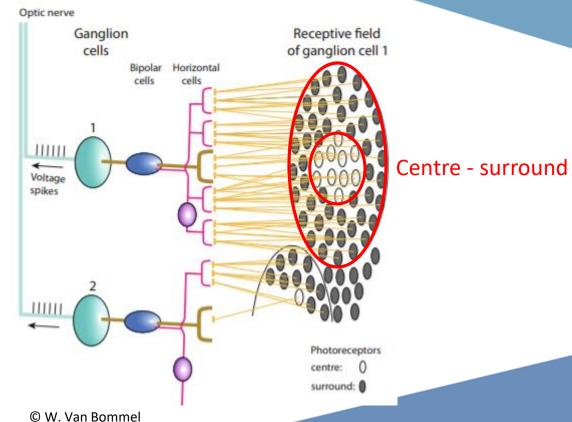

- Perception
 - 5 types of photorecepetors
 - Rods → scotopic vision
 - 3 types of cones: L-, M-, S-cones → photopic vision

- Perception: Receptive fields
 - Bipolar & Ganglion cells: first processing

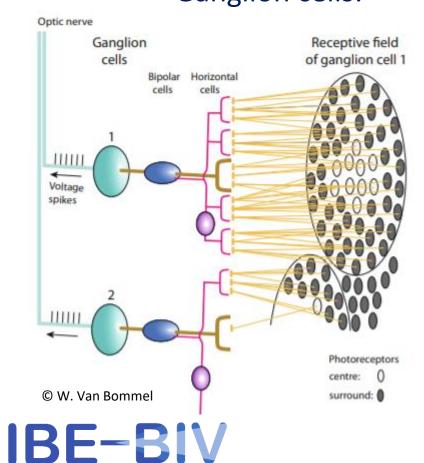

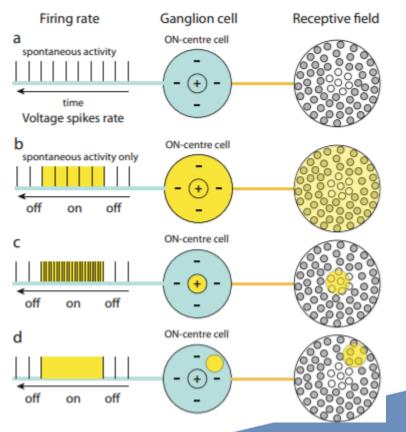

• Perception: Receptive fields

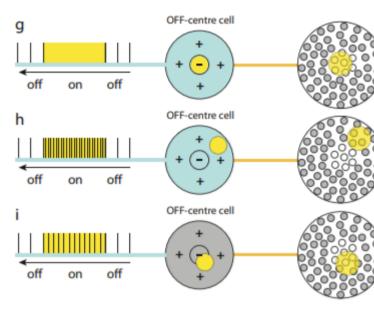

• Ganglion cells:

ON-centre cells

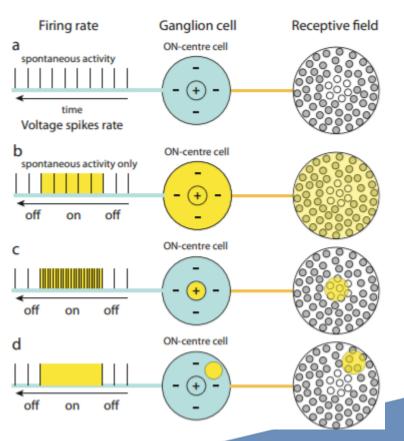

vs. OFF-centre cells

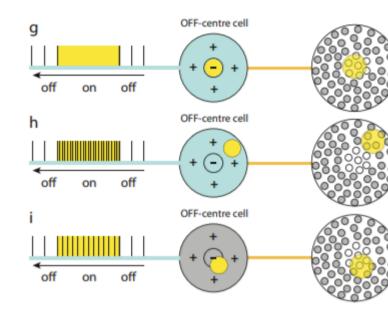

Lifelong Learning – IBE-BIV Back to School programme

- Perception: Receptive fields
 - Ganglion cells:

ON-centre cells

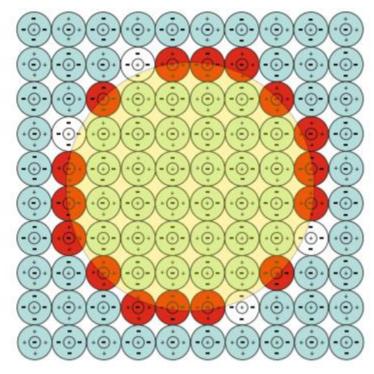

vs. OFF-centre cells

© W. Van Bommel

• Perception: Receptive fields: ON-OFF processing

Increased activity

EDGE detection

More to come...
